

2019 Land Rover Range Rover Sport SDV6 183kW SE

Vehicle data (as entered on 23/07/2026)

Odometer	125,000 km
Advertised price	\$54,995
VIN	XXXXXXXXXXXXXXXXXX
Make	Land Rover
Model	Range Rover Sport
Variant / Series	L494
Badge	SDV6 183kW SE
Body type	SUV
Fuel type	Diesel
Transmission	8 speed, Sports Automatic
Engine size	3.0L (2993cc)
Power plant type	Internal Combustion Engine (ICE)
Power	183.0kW @ 4250rpm
Torque	600Nm @ 1500-2500rpm
Drive type	4X4 Constant
Year of manufacture	2019
Country of origin	UNITED KINGDOM
Colour	BLACK
Compliance date	January 2020
Engine number	1347117306DT

Please note image is a sample only and may not match the model or colour of the vehicle

This report reflects information available as at the date of issue shown above. Vehicle details, pricing, and status may change after this date and should be reconfirmed before purchase.

This report has been prepared by carsales.com.au Pty Ltd (carsales) based on the vehicle details supplied. The carfacts vehicle history report service uses information from Automotive Data Services Pty Ltd (RedBook), third parties (including advertisers on carsales.com.au) and government services. Where third party information is inaccurate or incomplete, this affects the results supplied by the carfacts vehicle history report (e.g. we only identify previously advertised odometer readings where the earlier advert includes a VIN or registration number and state). There may be a delay before new third party information is updated to the carfacts vehicle history report. While carsales has used its best efforts to provide correct information, it does not guarantee or make any representation regarding the accuracy or suitability of this information for your needs. To the fullest extent permitted by law, carsales will not be liable for any loss or damage relating to your use of, or reliance on this vehicle history report. To the extent of any discrepancy, you should revert to the Serial Number Search Certificate from the Personal Property Securities Register (PPSR) provided as part of the vehicle history report service.

The carfacts Buyer's Guide aims to help you understand the details of your carfacts Report and identify the key things to look out for when buying a used car. This way, you can ensure that you have all the information you need to make a safe and informed purchase.

Here are some of the terms you may find in your carfacts Report and what they mean for you as a buyer:

Security interests reported:

A security interest reported on a vehicle is perfectly normal. If you are buying from a private seller, be sure to discuss with them how this interest will be removed before finalising the purchase. For your peace of mind, make sure all security interests are cleared and encumbrances removed before finalising the purchase. It is also a good idea to request proof of repayment from the seller and to be extra safe, contact the financier for verification.

Vehicle reported as 'stolen':

If your vehicle is reported as 'stolen', this can mean the car has been stolen either currently or previously in its life. For more information, contact the state or territory law enforcement listed on the PPSR certificate included in your report.

Vehicle reported as 'written off':

A vehicle that has been 'written off' has been in an accident or suffered some form of damage. In some cases, cars which have been written off are unable to be re-registered and are declared as 'statutory write-offs'. In other cases, they can be repaired and re-registered, provided they pass the necessary safety inspections – these are known as 'repairable' or 'economic' write-offs.

It is important to remember that just because a car has been written off, does not necessarily mean you should not buy it. It does mean that you should do some thorough checks to ensure that it is safe – and is owned by the person selling it. Your state or territory road authority will be able to assist with any specific questions you have about the 'write-off' information provided in your carfacts Report.

Odometer discrepancy reported:

Powered by the trusted carsales Network and our associated partners, the carfacts 'Odometer Check', allows you to find any inconsistent odometer records for the vehicle. You can then determine whether the odometer may be faulty or may have been tampered with.

Report it:

If your carfacts Report shows an odometer discrepancy, always contact us and ask for advice. If you suspect that odometer tampering has occurred or notice any suspicious behaviour, report it to your State's consumer protection agency.

Odometer tampering is a serious crime and those found guilty face large fines and/or imprisonment. The offence of misrepresenting the accuracy of an odometer reading also carries significant fines.

Buyer's Checklist

To keep you safe when buying a second hand vehicle, we recommend following our buyer's checklist which will ensure you have covered all the important steps:

- ☒ Enlist a mechanic to carry out an independent inspection
- ☒ Check the vehicle's log book for its history of odometer readings and when it was bought, sold and serviced
- ☒ Inspect the overall condition of the vehicle – look out for any signs of wear and tear on the seatbelts, carpets and/or the steering wheel. If there are signs of heavy use on a low-mileage vehicle, it may be an indication of odometer tampering so do not be afraid to investigate further
- ☒ Check the build year to ensure the vehicle is being advertised correctly. The build year can be found on the build plaque in the engine bay

Serial Number Search Certificate

This is a serial number search certificate for a serial number search

This Search certificate is provided under section 174 of the *Personal Property Securities Act 2009*

Search certificate number: 9832227327880001
Search number: 983222732788

This search certificate reflects the data contained in the PPSR at 23/07/2026 16:10:32 (Canberra Time).

Search Criteria Details

Serial number search type: VIN
Motor vehicle: XXXXXXXXXXXXXXXXXXXX
PPSR registration state searched: Current

PPSR Registration Details

There is no security interest or other registration kind registered on the PPSR against the serial number in the search criteria details.

Additional Motor Vehicle Details – NEVDIS

Identifier number:	XXXXXXXXXXXXXXXXXX	Identifier type:	VIN
Vehicle type:	CAR / SMALL	Make:	R ROV
	PASSENGER VEHICLE		
Body type:	CAR/STATION WAGON	Model:	RR SPO
Colour:	BLACK	Engine number:	1347117306DT
Registration plate number:	XXXXXX	State vehicle registered:	XXX
Registration expiry:	17 Oct 2026		
Year of manufacture:	2020	Year/Month of compliance:	2020-01

Important NEVDIS notifications about the Vehicle

Written-off:

- Not recorded as written-off.

Stolen:

- Not recorded as stolen.

Tasmanian stolen vehicle information is currently unavailable from this service. For information about the status of Tasmanian vehicles, go to:

<https://www.transport.tas.gov.au/MRSWebInterface/public/regoLookup/registrationLookup.jsf> (Note: you will need to provide the vehicle registration plate number to search this site).

A stolen vehicle notification, or the absence of one, does not necessarily mean a vehicle is or is not stolen.

If there is a stolen vehicle notification you wish to enquire about, you should contact the police force in the State or Territory indicated immediately after the date in the notification. The reference number at the end of the notification should be quoted as a part of your enquiry.

Please note that there may be multiple stolen notifications shown. A stolen notification can be for a VIN, Plate, Chassis and/or Engine.

Vehicle information is requested from Austroads NEVDIS database for each transaction involving a vehicle VIN or Chassis Number on the PPSR. The data is not part of interests registered on the PPSR and it is presented without any guarantee regarding its accuracy.

The NEVDIS data is intended to assist users with checking that the VIN or Chassis Number they entered, along with information they have about the vehicle from other sources, is accurate and to provide users with any data held on NEVDIS about a vehicle's stolen or written off status.

State and territory road agencies are the main source of NEVDIS data and the primary point of contact for enquiries, errors, and corrections.

Access to and use of data provided through the PPSR is subject to the PPSR General Conditions of Use and applicable third party data conditions (which can be obtained at www.ppsr.gov.au). To the extent permitted by law, all data provided through the PPSR is made available without any representation or warranty of any kind (without limitation in respect to accuracy) and the Commonwealth, and our third party data providers (which includes any person mentioned in the Third Party Data Conditions as providing information through the PPSR), have no liability to you in respect of any loss or damage that you might suffer no matter how arising (including negligence) that is directly or indirectly related to the NEVDIS Data.

How to verify this certificate on the PPSR

You can use the search number from an original search (as shown on this certificate) to retrieve the original search results and to issue a copy of the search certificate at <https://transact.ppsr.gov.au/pps/Home>. There is no fee, however this process will not provide any update to the information in the original search.

Privacy and Terms and Conditions

The Australian Financial Security Authority is subject to the *Privacy Act 1988* which requires that we comply with the Australian Privacy Principles (APPs) set out in the Act. The APPs set out how Australian Government agencies should collect, use, store and disclose personal information and how individuals can access records containing their personal information.

Access to and use of the PPSR is subject to the General Conditions of Use, as well as other relevant terms and conditions. All relevant terms and conditions can be found at www.ppsr.gov.au.
